Revision Date 2010

To the Board of Directors
Mark Twain Rural Telephone Company and Subsidiaries
Hurdland, Missouri

We have audited the consolidated financial statements of Mark Twain Rural Telephone Company and subsidiaries, as of and for the year ended December 31, 2012, and have issued our report thereon dated March 15, 2013.

Professional standards and the Rural Development Utilities Programs' (RDUP) Policy on Audits of RDUP Borrowers (7 CFR 1773.20) require the auditor to communicate certain matters to the board of directors. In addition to meeting the RDUP's requirements, the following comments regarding our responsibilities and results of our audit of the consolidated financial statements of Mark Twain Rural Telephone Company and subsidiaries for the year ended December 31, 2012, will assist you in overseeing the financial reporting and disclosure process for which management is responsible.

Our Responsibility under U.S. Generally Accepted Auditing Standards

Our responsibility as described by professional standards and stated in our engagement letter, is to express an opinion about whether the consolidated financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the consolidated financial statements does not relieve you or management of your responsibilities. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable, but not absolute, assurance that the consolidated financial statements are free of material misstatement and are fairly presented in accordance with accounting principles generally accepted in the United States of America. Because an audit is designed to provide reasonable, but not absolute, assurance and because we did not perform a detailed examination of all transactions, there is a risk that material errors, fraud or other illegal acts may exist and not be detected by us.

As part of our audit, we considered the internal control of Mark Twain Rural Telephone Company and subsidiaries. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters. We are also responsible for communicating matters required by law, regulation, agreement or other requirements applicable to the engagement to you.

Other Client Information Presented with the Consolidated Financial Statements

Our responsibility with respect to the supplementary information included with the consolidated financial statements is as described in our report thereon dated March 15, 2013.

To the Board of Directors
Mark Twain Rural Telephone Company and Subsidiaries

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies.

The significant accounting policies of the Company are described in footnotes to the consolidated financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2012.

There were no transactions entered into by the Company during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the consolidated financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the consolidated financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the consolidated financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The only sensitive accounting estimates included in the consolidated financial statements for the year ended December 31, 2012, relate to the estimates for depreciation and employee benefits. As part of our audit, we compared the Company's depreciation rates to average rates used within the telecommunications industry. We have also discussed with management the Company's long-range plant replacement plans and have determined the current depreciation rates to be consistent with those plans. We also compared the reporting of employee benefit accruals to information provided by the Company's actuary.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Our independent auditor's report on internal control over financial reporting and on compliance and other matters, and our separate letter to the board of directors all dated March 15, 2013, comment on other findings and recommendations.

REDACTED – FOR PUBLIC INSPECTION

To the Board of Directors
Mark Twain Rural Telephone Company and Subsidiaries

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the consolidated financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit that individually or in the aggregate were of such significance that reference to the subject matter would have been made in our reports.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 15, 2013.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Company's consolidated financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Company's auditor. However, these communications occurred in the normal course of our professional relationship and to our knowledge our responses were not a condition to our retention.

This letter is intended solely for the information and use of the board of directors and management of the Company and is not intended to be and should not be used by anyone other than these specified parties.
